- Catering possibilities

Our space around the exhibition halls

Our big outdoor campus provides plenty of space for additional exhibition areas, special happenings and open-air events. Our open-air campus is much more than just an outdoor area because we have equipped it with excellent infrastructure: water, electricity, technology – everything you need is right here for you!

- NEW** from 2024: Outdoor area usable as multifunctional area
- Infrastructure: 3 transformer stations with 630 kVA each, 55 e-charging points, Water: 20 underground hydrants and waste water connections via shafts
 - Illumination of the entire area and data cabling
 - Parking spaces: Passenger cars approx. 2,500, trucks/buses approx. 32 mobile homes/caravans, sufficient charging/disposal stations
